VIDEO/AUDIO TIPS

VIDEO

- + Wipe your lens with a soft cloth.
- + Put your phone on airplane mode to avoid interruptions while filming.
- + Record at a high quality. {1080p HD or greater}
- + Rotate your phone to the horizontal position.
- + Keep your phone as steady as you can. Use a tripod if you have one.
- + Select a bright location to film in. If possible, face a window for great natural lighting.
- + Do not use the zoom on your phone. Move closer to your subject.

AUDIO

- + Choose a quiet location to record your video.
- + Speak clearly and at a good volume.
- + Do not cover the phone microphone with your hand.
